Manufacturing Code H5D7U1Z00AUC

Capacity Commercial

Boiling Cups per hour 160

Chilled Cups per hour 125

Tap Zip HydroTap CLASSIC ACCESSIBLE Tap (Chrome)

Water Pressure Min 170kPa - Max 700kPa

Water Connection 1/2" BSP (G1/2)

Water Supply Requirements Cold

Water Valves Integrated 500kPa Pressure limiting valve and Dual Check Valve

Power Rating 1.97kW 220-240V 50Hz

Power Supply 1 x 10 Amp socket outlet

Dimensions	W395mm x D464mm x H333mm
Product Approvals	WaterMark, RCM, ARC
Warranty	5 years (appliance warranty 36 months plus additional 24 months tank warranty)

Installation Requirements

'1. Installation and connection of your Zip HydroTap must be carried out by a qualified person, observing national and local regulations.2. You will require suitable mains electrical and drinking water connections, plus waste water drainage all within 1.5 metres of the product.3. HydroTap is air-cooled so discrete cabinetry cut-outs are required for ventilation.4. Installation on most bench tops is straightforward however some stone bench tops may require a specialised cutting service.5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit.6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com'
